How's

Your Liver?

Is the Oriental salutation,

knowing that good health

cannot exist without a

healthy liver. When the

Liver is torpid the Bowels

are sluggish and con-

stipated, the food lies

in the stomach undig-

ested, poisoning the

blood; frequent head-

aches; a feeling of las-

situde, despondency and

nervousness indicate how

the whole system is de-

range. Simmonds Liver

Regulator has been the

means of restoring more

people to health and

happiness by giving them

a healthy Liver than any

agency known on earth.

It acts with extraor-

dinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia,

Toxemia, Liver Complaint, etc., it hardly

ever over anything else, and have never

been disappointed in the effect produced.

It seems to be almost a perfect cure for all

diseases of the stomach and bowels.

154 Fremont St., Boston. - 2 E 14th St. (Union Sq.)

A Victim of Misplaced Confidence.

He was an agent for a step-ladder.

Not an ordinary step-ladder,

but a combination, convertible, ex-

tensional, generally utilizable step-

ladder. He greeted the lady of the

house with a winning smile, as she

opened the door in response to his

knock, and proceeded at once to ex-

amine and illustrate the many ad-

vantages of his step-ladder over the

ordinary step-ladder. It was just

what every model housekeeper could

not possibly do without; that fact

any intelligent woman could see at

glance. It could be used in cases

where every other step-ladder could

not; an attachment here made it a

most comfortable chair for a grown-

up person, another attachment there

converted it into a high chair, and

still by other combinations it could

be made into an ironing table, a

cradle, a drawing-room what-not or

a garden wheel-barrow. And then

it was indestructible, and would last

a family a lifetime. Why, it would

bear the weight of four men. That

was where the agent made the great-

est mistake of his life. To prove its

strength he gave a spring in the air

and sat down on top of it hard.

That is he meant to. For, as he

landed there was a terrific crash, and

the air was filled with flying bits of

wood that made the lady of the

house think of the time that she

was in the coal cellar when a load of

kindling wood was dumped in the

cellar. Then there was a loud, sick-

ening thud as the agent landed flat

on his back on the piazza. She

laughed as he slowly crawled from

beneath the wreck and gazed rue-

fully about for a moment. Then he

said, "You can use it for kindling

wood," and walked sorrowfully

away.

A Cask Borer.

While at Berlinger's cellar, recent-

ly we were shown a little insect

which does great injury to wine

casks, particularly pipes and pun-

cheons, by boring into the wood and

causing leakage. It is a little beetle

shaped insect, about the size of an

ordinary house fly. It will light on

a puncheon and bore right into the

wood, throwing around itself as it

enters a circle of sawdust, the same

as a gimlet would make. Where

they bore into the side of a cask,

the hole thus made can be usually

plugged up, but ordinarily they en-

ter in the joint of the cask and

where it is next to impossible to

repair the damage. In this way

much valuable oak cooperage is

# SONOMA INDEX - TRIBUNE.

## LOCAL BREVITIES.

A slight sprinkle of rain fell here on Monday.

The best of accommodations at the Union Hotel.

Go to the Occidental Hotel if you want good accommodations.

The traveling public praise the Occidental Hotel, R. D. Moore proprietor.

The traveling public are invited to call at the Union Hotel.

The Occidental Hotel, under the management of Mr. R. D. Moore and his estimable wife, is growing in popularity every day.

Messrs. Veale & Roach are the cheapest and most accommodating grocers in Petaluma. See advertisement in another column.

A number of surveys in the employ of the Santa Rosa and Carquinez Railroad are still stopping at M. Marti's dairy farm near Embarras-darti.

Farmers desiring groceries and having the cash to pay for the same, can lay in a supply at Weyl's Cash Grocery as cheap as if purchased in the city. Come and be convinced.

Wonderful! There is at present in Sonoma a very pleasant lady, 74 years old, who, as a nurse, has cared for 1038 babies during her life time, most of them born in California.

O. F. Leiding has commenced suit against E. H. Harding and others in Department Two of the Superior Court at Santa Rosa, to foreclose a mortgage of \$2250 on the Harding place on Napa street.

A fine flowing spring was struck at a depth of seven feet on Terrace Hill, the residence of Dr. Lawrence, on Saturday last. The temperature of the water is 82 degrees and the flow is 20,000 gallons per 24 hours.

Wm. J. Dutton, Secretary of the Fireman's Fund Insurance Co. of San Francisco, who has purchased the Glen Cottage Farm from Albert Brewster, will greatly improve the same and use it as a summer residence.

No more pleasant holiday can be taken than a drive to Agua Caliente Springs where the best of lunches and dinners are served at reasonable rates, and a glorious swim may be enjoyed in one of the finest mineral baths in America.

Mrs. Emilio Pauli, wife of Dr. F. A. Pauli, lately deceased, recently received \$2000 from the Order of Chosen Friends of which he was a member. From the time of joining the order, several years ago, deceased had only paid in dues and assessments the sum of \$128.

John Minicchio, charged jointly with Battiste Baicalupi, in having committed burglary in breaking into an outhouse on the Weems place and carrying off a lot of wine, was discharged by Justice Small, Wednesday, the evidence going to show that he was not present when the door of the building was forced open.

The old fence enclosing the property of C. F. Leiding on the corner of Spain and Second street East is being pulled down and a neat picket one will be erected in its place. We are pleased to note such improvements, as they are generally the forerunners of others of a more important and costly nature.

The Sonoma Brass Band, composed of eighteen pieces, has been secured at a cost of \$125 for the Fourth of July. The band has been engaged for both day and evening and the price, considering the number of pieces and the time they are employed to put in, is very reasonable. Santa Rosa will pay \$150 for the same service.

The new swimming baths at the Agua Caliente Warm Springs are completed and now open to the public. They are the largest and best appointed mineral baths in the State. The water of these springs are of delightful temperature for bathing and their curative properties are highly endorsed by our leading physicians.

The INDEX-TRIBUNE office has this week turned out in pamphlet form the By Laws of Valley of the Moon Chapter, No. 85, Order of the Eastern Star. Also, the Constitution and By Laws of Rebekah Degree Lodge, No. 99, I. O. O. F. An inspection of this work will show that it will compare favorably with that of any office in the State. We feel grateful to our friends of these excellent Orders for patronizing their home job printing office and will strive by doing our work cheap, neat and prompt to merit a continuation of such favors.

The Fourth of July Executive Committee are hard at work making preparations for the coming celebration. Halyards have been put in the Bear Flag pole, the Pavilion will be handsomely decorated and used for the exercises and a grand ball in the evening. The Finance Committee have been quite successful in collecting funds to defray expenses, and there is every indication that the celebration will be a grand success. As the Mexican War Veterans' Association will participate in the exercises on that day, the event will be of more than ordinary interest. It is calculated that two or three thousand people will be present.

# Belligerent Israelites.

N. and A. Zapronsky, father and son, hide dealers of Napa, got into an altercation with Matthias Miesner, an employee in the Union Station in this place, at an early hour Wednesday evening, and after a few hot words made a combined assault upon him, cutting him over the right eye. They then jumped into their buggy and drove off. A warrant was sworn out soon after for their arrest and put into the hands of Constable Vallejo, who immediately started in pursuit of the offending Hebrews. The officer overtook and arrested the parties this side of the Napa county line and brought them into town. They were then taken before Judge Small and pleading guilty—one to a charge of assault and the other battery—were fined \$7 50 each, which they paid and were allowed to depart. The younger Zapronsky when arrested became badly frightened and "boo-hoed" like an overgrown school boy over his misfortunes. The Zapronskys secured the services of Messrs. Rodgers and Munday, who happened to be in town, to defend them, but as the case was a dead one against them, they were advised to plead guilty, which they very sensibly did.

# Closing Exercises of the Huichica School.

The Huichica School closed for its summer vacation, Friday, June 10th. The exercises were held under the trees on the hills near the school-house, where a most delightful day was spent by the members of the school and a host of friends. The programme, consisting of recitations, dialogues and songs, was fully enjoyed by the appreciative audience, the scholars having all acquitted themselves in a most creditable manner. After a sumptuous lunch, to which all did ample justice, the picnicers wended their way homeward to meet again in the evening at the home of Mr. Thompson, where another good time was indulged in, dancing being kept up till midnight. Among those present were: Messdames P. Thompson, Lowell, Keyes and Johnson. Misses Addie Potter, Hannah Johnson, Ernie Thompson, A. Rosini, Lottie Potter, May Thompson, J. Rosini, Emily Potter, Florence Thompson, Emma Johnson, Mabel Lowell, M. F. Cook, Nellie Potter and Edith Hayes and Anna Lowell of Oakland. Messrs. A. D. Lowell, P. Thompson, C. Potter, L. Johnson, E. Cutter, J. Coops, A. Martin, A. Dunn, J. Skinner, E. Johnson, Fred Lowell, H. Thompson, Frank Thompson, C. Lowell, Charley Potter, H. Gayhart, J. Kellog, Tom Ellis, J. Gaffney, and Ralph Thompson.

# Blood on the Moon.

Chas. E. Hanson, employed on Col. Rogers' ranch, came to town Sunday and imbibing a little too freely of the "rosy" became belligerent and hunting up the chef de cuisine of the Occidental Hotel assaulted him. The parties clutched and after struggling a while Hanson broke loose from the cook's embrace and drawing a pocket knife threatened to carve the anatomy of the preparer of victuals. The cook made a successful retreat and soon after Hanson returned to the Rogers ranch. A warrant was sworn out for his arrest and given to Constable Vallejo, who went out to the ranch, arrested his man and lodged him in the lockup. The next morning he was taken before Judge Small and pleading guilty to a simple assault, was fined \$25, which he paid.

# The Company Means Business.

[Santa Rosa Democrat.] Col. McDonald stated to a Democrat reporter on his return from San Francisco on Wednesday evening, that the directors of the Santa Rosa and Carquinez Railroad Co. were much pleased with the turn which our railroad affairs have taken. "Right-of-way-agent La Motte is still in the field," he said, "and is overcoming many obstacles. The engineers will be ready to move their camp to Santa Rosa creek on Saturday, and the survey will be completed soon. Chief Engineer Hood will arrive on the field some time this week, and under his skillful supervision matters will be expedited. The company has given notice to all those who still refuse to grant the right-of-way that proceedings for condemnation will be instituted within thirty days."

# Still in Durand Vile.

J. F. Cachu, who was wine and dined by many of our valley people on the strength of his representations of being a reporter of one of the city dailies specially detailed to write up this section, still languishes in the Santa Rosa Jail, where is confined on charges of forgery. His case will come up for a hearing August 2d.

# An Offer That Was Not Accepted.

It is said \$100,000 has been offered and refused for the Hutchinson farm, containing 4,000 acres in Los Guillicos Valley. The offer was made by a syndicate of Englishmen who desired to cut the tract up into small farms.

# Ask for Ayer's Sarsaparilla and do not take any other.

Sold by all druggists.

# Sound Over.

The examination of Battiste Baicalupi, charged with burglary in having broken into an outhouse on the premises of James Weems, on Broadway, on the 4th of June, and carrying off a quantity of wine stored therein belonging to B. Piffero, took place in Justice Small's Court, Tuesday. A strong case was made out against the defendant and he was held to answer before the Superior Court in the sum of \$500, which was immediately furnished by Angelo Baicalupi and Dominio Valenti. Thos. Rutledge, Jr., of Santa Rosa appeared for the defense and Messrs. Rodgers and Munday of Petaluma for the prosecution.

# The New Rector of St. Francis' Church.

Rev. Father Sullivan, the new rector of St. Francis' Church, was for a number of years, rector of the Mission Dolores parish, San Francisco, where he was greatly beloved by his parishioners for his many noble qualities. Previous to his departure for this place a large number of the Catholic residents of the Mission called upon the Rev. Father and to testify in a practical manner their good will for his future well-fare in his new field of labor presented him with a check for a handsome sum as a token of their good will and esteem.

# PERSONAL AND SOCIAL.

Miss Tally Hope has gone to Monterey to spend her vacation.

E. T. Mills of the Santa Rosa "Republican" dropped into our sanctum Wednesday last.

Mrs. R. G. Steele of Merced, mother of Mr. H. H. Granice, paid Sonoma a short visit last Sunday.

Fred. Ewell and wife of Vacaville are visiting their parents, Mr. and Mrs. P. D. F. Ewell of this place.

Mrs. M. Marti, who is visiting her father and mother in Canton Glarus, Switzerland, will return home in September.

Mr. S. H. Shaw returned home last Tuesday from Lake county, where he had been camping for the past three weeks.

Mr. C. Waterhouse of the firm of Waterhouse & Lester of San Francisco, was the guest of Mr. and Mrs. Chas. McHarvey last Sunday.

Mrs. G. H. Hotz went to the city last Monday on a short visit to her sister, Mrs. O. Stevenson, who has returned from Washington Territory.

Ex-Assemblyman M. E. C. Munday and his law partner, John Rodgers of Petaluma, were in town several days this week on professional business.

Rev. Father Esser, who recently resigned the rectory of Sonoma parish, left for the East on Wednesday last week. On the evening before his departure a large number of his parishioners tendered him a reception at his residence and presented him a handsome present as a token of their esteem and affection.

# Agents Wanted.

For the sale of Fruit Trees, Small Fruits, Grape Vines, etc., etc. For terms, address California Nursery Co., Niles, Alameda Co., Cal.

# Glen Ellen Notes.

Mr. P. Decker of Decker & Jewett spent a few days of last week in town.

Our baseball club will go to Santa Rosa on Sunday next, to play a match game with the club in that place.

A new awning now adorns the restaurant, greatly improving its appearance.

J. Sullivan with the aid of a scraper and a pair of horses has leveled off the hill adjoining his house and blacksmith shop.

Road Master McGill is making some needed improvements on the road in the canyon adjoining the farm of S. M. Nunn.

A. B. Rohrer and party have leased the house of J. B. Small and will probably occupy the same the balance of the year.

The foundation of the building to be occupied as a bakery has been laid and the balance of the work will be pushed rapidly forward.

E. T. Sheppard is excavating a space 40x60 feet, prior to erecting thereon an addition to his already extensive wine cellars.

# Old Timer.

Dr. A. B. Stewart of Santa Rosa, who was stricken with paralysis a short time since and whose life for a time was despaired of, is now in a fair way to recovery.

# Trouble Ahead.

When the appetite fails, and sleep grows restless and unrefreshing, there is trouble ahead. The digestive organs, when healthy, crave food, the nervous system, when vigorous and tranquil, gives its possessor no uneasiness at night. A tonic, to be effective, should not be a mere appetizer, nor does the nerves to be soothed by the unaided action of a sedative or a narcotic. What is required is a medicine which invigorates the stomach, and promotes assimilation of food by the system, by which means the nervous system, as well as other parts of the physical organism, are strengthened. These are the effects of Hostetter's Stomach Bitters, a medicine whose reputation is founded firmly in public confidence, and which physicians commend for its tonic, anti-bilious and other properties. It is used with the best results in fever and ague, rheumatism, kidney and urticaria weakness and other maladies.

# Baking Powder vs. Cream of Tartar.

It will not help the matter any if, to avoid the impurities and poisons in the cheap baking powders, the housekeeper returns to the use of cream of tartar and soda. The cream of tartar of the present day as found on sale at the grocers, is quite as impure as many of the baking powders. Tests made by the Massachusetts and New York State Boards of Health have developed the most astonishing venality on the part of cream of tartar manufacturers and vendors. Twenty-seven samples claimed by dealers to be pure were analyzed. They were found to contain from three to ninety-three per cent of alum, lime, etc. Samples of soda analyzed showed the same extent of adulteration. Not only is it unsafe to use such leavening agents in bread, biscuit or cake, because of their deadly effects upon the system, but they cannot be relied upon to produce light food. The result of their use will be heavy bread, yellow or bitter biscuit and cake.

Most of the baking powders and bread preparations of the market are made from the very cream of tartar above described, or from alum, which is poison, or from phosphates derived by disgusting processes from the solution of old bones in sulphuric acid, so that their use and the use of the adulterated and impure cream of tartar are attended with the same dangerous and unsatisfactory results.

The only way to overcome all difficulties attendant upon the use of a leavening agent, would seem to be in the selection of a baking powder of a thoroughly well established reputation, whose absolute purity, wholesomeness, and effective power as a leavening agent have been confirmed beyond contravention. The Royal Baking Powder unquestionably meets the mark. Indeed, it has been found to be the only baking powder upon the market that is free from lime, alum and phosphates and chemically pure. Prof. Mott has explained the reason for this absolute purity. It exists in the new methods of refining cream of tartar, owned and employed exclusively by the Royal Baking Powder Company, by which only can the chemically pure article be produced. A portion of Prof. Mott's report is worthy of reproduction in this connection:

"The Royal Baking Powder is absolutely pure for I have so found it in many tests made both for them and the U. S. Government. I will go still further and state that because of the facilities that Company have for obtaining perfectly pure cream of tartar, and for other reasons depending upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public."

HENRY A. MOTT, Ph. D., etc."

# Indispensable Factors in Journalism.

The three great requisites for a woman journalist are good health, good sense and good temper. Armed with these any girl who really wishes to enter journalism and has a knack at writing may hope for success. There is always a market for the best work, and editors are progressive people, who recognize fully the growing need of feminine representation in the newspapers whose readers are so largely women. For women in general read the papers more and more every year, and those among them who have an instinct which tells them what the rest wish to read may hope for a hearing for what they have to say. This suggests the naming of an indispensable factor in journalism which is hard to describe to the outside aspirant. Among writers for the daily press it is called "the newspaper nose," and unless one has his nose, at least in a rudimentary stage, one need not expect to make a good journalist. In other words, unless one has a gift at discrimination of knowing what people want to read, or grasping the spirit of the week, so to speak, one can not become a good newspaper writer, no matter what capabilities she may have in what is called distinctively literary work.—Boston Record.

# Nature Might Learn from Art.

It has often been asserted that art's best efforts merely imitate nature. I wish nature would take a lesson from art in the tooth business. The fellow with false teeth is always ahead of the unfortunate with a natural set. The false teeth man can leave his set like his watch to be fixed and call for it the next day. The man with the natural set has to be right with them while the repairs are going on and there is no spot on earth where a man is so conscious of being right there as in a dentist's chair.—Detroit Free Press.

# A Remarkable Roumanian Custom.

A remarkable custom exists among the Roumanians living in the westerly Carpathians. Every year, at the feast of the Apostles Peter and Paul, a market is held on the crest of the Gains, from 3,000 to 6,000 feet above the level of the sea, and here all the marriageable girls of the entire district assemble with their parents in order to be viewed and claimed.—Exchange.

# Assistance for Discharged Prisoners.

The Prison Association of New York has issued an appeal for aid to enable it to carry on the work of assisting discharged prisoners to obtain employment and lead upright lives, and to exercise its supervision over the penal institutions of the state.—Chicago Times.

Statistics show that in the whole of Europe the women have a majority of 4,574,000.

Everybody admires beautiful hair and every one may possess it by using Ayer's Hair Vigor. Keeps the hair soft, pliant and glossy.

# Astonishing Success.

It is the duty of every person who has used Bockner's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers in the United States and Canada.

# Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all Skin Eruptions, and positively cures Piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by E. Wegner.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became a Girl, she clung to Castoria.

When she had Children, she gave them Castoria.

Weyl's Cash Grocery Store is selling groceries at the very lowest rates. Call and be convinced.

## Grand Ball in the Evening at the City Pavilion.

MISCELLANEOUS. MISCELLANEOUS.

## SCHOCKEN'S.

**MEDICAL DISPENSARY**  
 NERVOUS. YOUTHFUL  
 CHRONIC FOLLIES

**DISEASES OF THE URINARY ORGANS.**

**Dr. J. McENEREY, M.D., San Francisco, Cal.**

Nervous Debility, Seminal Discharge, Catarrh of the Bladder, Gonorrhea, Stricture, Hematuria, Pyuria, Prostatitis, and all the diseases of the Urinary Organs, treated by the **WATKINS' MANIFIED** Process, in the following manner:—

First, the Urinary Organs are cleansed by the use of the **WATKINS' URINARY** Solution, such as Dr. J. McENEREY, Leontide, Nocturnal Emission, arachnoiditis, etc. This is done by the use of the **WATKINS' URINARY** Solution, which is taken in the form of a tea, the vital fluid passing unobstructed in the urine, and many other diseases treated.

**Second, Men**

Suffering from a long continued urinary symptoms should consult us at once. The drain can be stopped, vitality restored, and life begun again as pleasure, instead of pain.

**WATKINS' AGED MEN.**

Men who are troubled with the evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and the frequency of the system is such that they cannot account for it. Rony Sediment in the urine, etc. Many die of this disease, and it is the cause of the following:—

1. Second stage of seminal weakness.

2. Third stage of seminal weakness.

3. Fourth stage of seminal weakness.

4. Fifth stage of seminal weakness.

5. Sixth stage of seminal weakness.

6. Seventh stage of seminal weakness.

7. Eighth stage of seminal weakness.

8. Ninth stage of seminal weakness.

9. Tenth stage of seminal weakness.

10. Eleventh stage of seminal weakness.

11. Twelfth stage of seminal weakness.

12. Thirteenth stage of seminal weakness.

13. Fourteenth stage of seminal weakness.

14. Fifteenth stage of seminal weakness.

15. Sixteenth stage of seminal weakness.

16. Seventeenth stage of seminal weakness.

17. Eighteenth stage of seminal weakness.

18. Nineteenth stage of seminal weakness.

19. Twentieth stage of seminal weakness.

20. Twenty-first stage of seminal weakness.

21. Twenty-second stage of seminal weakness.

22. Twenty-third stage of seminal weakness.

23. Twenty-fourth stage of seminal weakness.

24. Twenty-fifth stage of seminal weakness.

25. Twenty-sixth stage of seminal weakness.

26. Twenty-seventh stage of seminal weakness.

27. Twenty-eighth stage of seminal weakness.

28. Twenty-ninth stage of seminal weakness.

29. Thirtieth stage of seminal weakness.

30. Thirty-first stage of seminal weakness.

31. Thirty-second stage of seminal weakness.

32. Thirty-third stage of seminal weakness.

33. Thirty-fourth stage of seminal weakness.

34. Thirty-fifth stage of seminal weakness.

35. Thirty-sixth stage of seminal weakness.

36. Thirty-seventh stage of seminal weakness.

37. Thirty-eighth stage of seminal weakness.

38. Thirty-ninth stage of seminal weakness.

39. Fortieth stage of seminal weakness.

40. Forty-first stage of seminal weakness.

41. Forty-second stage of seminal weakness.

42. Forty-third stage of seminal weakness.

43. Forty-fourth stage of seminal weakness.

44. Forty-fifth stage of seminal weakness.

45. Forty-sixth stage of seminal weakness.

46. Forty-seventh stage of seminal weakness.

47. Forty-eighth stage of seminal weakness.

48. Forty-ninth stage of seminal weakness.

49. Fiftieth stage of seminal weakness.

50. Fifty-first stage of seminal weakness.

51. Fifty-second stage of seminal weakness.

52. Fifty-third stage of seminal weakness.

53. Fifty-fourth stage of seminal weakness.

54. Fifty-fifth stage of seminal weakness.

55. Fifty-sixth stage of seminal weakness.

56. Fifty-seventh stage of seminal weakness.

57. Fifty-eighth stage of seminal weakness.

58. Fifty-ninth stage of seminal weakness.

59. Sixtieth stage of seminal weakness.

60. Sixty-first stage of seminal weakness.

61. Sixty-second stage of seminal weakness.

62. Sixty-third stage of seminal weakness.

63. Sixty-fourth stage of seminal weakness.

64. Sixty-fifth stage of seminal weakness.

65. Sixty-sixth stage of seminal weakness.

66. Sixty-seventh stage of seminal weakness.

67. Sixty-eighth stage of seminal weakness.

68. Sixty-ninth stage of seminal weakness.

69. Seventieth stage of seminal weakness.

70. Seventy-first stage of seminal weakness.

71. Seventy-second stage of seminal weakness.

72. Seventy-third stage of seminal weakness.

73. Seventy-fourth stage of seminal weakness.

74. Seventy-fifth stage of seminal weakness.

75. Seventy-sixth stage of seminal weakness.

76. Seventy-seventh stage of seminal weakness.

77. Seventy-eighth stage of seminal weakness.

78. Seventy-ninth stage of seminal weakness.

79. Eightieth stage of seminal weakness.

80. Eighty-first stage of seminal weakness.

81. Eighty-second stage of seminal weakness.

82. Eighty-third stage of seminal weakness.

83. Eighty-fourth stage of seminal weakness.

84. Eighty-fifth stage of seminal weakness.

85. Eighty-sixth stage of seminal weakness.

86. Eighty-seventh stage of seminal weakness.

87. Eighty-eighth stage of seminal weakness.

88. Eighty-ninth stage of seminal weakness.

89. Ninetieth stage of seminal weakness.

90. Ninety-first stage of seminal weakness.

91. Ninety-second stage of seminal weakness.

92. Ninety-third stage of seminal weakness.

93. Ninety-fourth stage of seminal weakness.

94. Ninety-fifth stage of seminal weakness.

95. Ninety-sixth stage of seminal weakness.

96. Ninety-seventh stage of seminal weakness.

97. Ninety-eighth stage of seminal weakness.

98. Ninety-ninth stage of seminal weakness.

99. One hundred stage of seminal weakness.

erients in stamps for a large treatise, with colored engravings, on Skin Diseases, the author being Dr. J. C. Wilson, of St. Louis, Mo.

**THE BLOOD IS THE LIFE**

Thoroughly understanding the importance of the Golden Medical Discovery, and the necessity of a blood-purifying agent, the author has endeavored to give it its vital strength, and soundness of constitution, which will be established.

**CONSUMPTION,**

which is **Scrofulous Disease of the Lungs**, is promptly and certainly arrested by the use of the Golden Medical Discovery, before the last stages of the disease are reached. It is a disease which is almost always fatal disease, when first offered this "new and certain remedy to cure the disease." The author thought seriously of calling it his "Consumption Remedy," but he thought of the fact that it was so too limited for a medicine which, from a wonderful combination of tonic, or strengthening, alterative, or blood-purifying, and antiseptic, and nutritive properties, is unequalled for its remedy for consumption of the lungs, but for all

**CHRONIC DISEASES**

OF THE

**Liver, Blood, and Lungs**

If you feel dull, drowsy, debilitated, in  
a yellow color of skin, or yellowish-brown ap-  
pearance of body, frequently vomit, have  
loss of appetite, a bitter taste in the mouth,  
a bad taste in mouth, internal heat or chills  
alternating with hot flashes, low spirits,  
a coated tongue, you are suffering from  
Indigestion, Dyspepsia, and Torpid Liver,  
part of these symptoms are experienced.  
A remedy for all such cases, Dr. Pierce's  
Great Peppermint Cure, is always at hand.  
Squal.

For Weak Lungs, Spitting of blood,  
Coughs, Hemoptoe, and all the troubles  
connected with the Throat and Lungs,  
Severe Coughs, Consumption,  
Sindred Affections, it is a sovereign remedy.  
It cures all such cases, and is a safe  
book on Consumption. Sold by Druggists

**PRICE \$1.00, OR 6 BOTTLES  
FOR \$5.00**
